

**CANDIDATE FOR DIRECTOR
INLAND EMPIRE UTILITIES AGENCY, DIVISION 3**

NAME: EDWARD J. RENDON

AGE: 37

OCCUPATION: Public Affairs Director

My name is Ed Rendon, I am a husband and father who has lived in Chino Hills and worked in the Inland Empire for over 15 years.

Our community is facing serious all time high gas prices, utility increases, power shortages and severe water problems. Yet, politicians are not doing enough to solve these problems.

I plan to use my leadership experience in fighting to protect our most natural resources by serving our community with honesty and integrity.

My experience working with the California Employment Training Panel and the Workforce Investment Board will help make the Inland Empire Utilities Agency accountable by keeping the public and tax-payers informed.

With your support, I will:

Oppose Utilities Increases
Protect our Water Supply from Terrorist Threats
Fight for lower Water Rates
Improve our Water Quality
Ensure Clean and Safe Water

My community involvement includes being a Neighborhood Service Leader, Host for National Night Out, and parishioner of St. Paul the Apostle Church. I am a graduate from Loyola Marymount and earned a master's degree from Eastern Michigan University.

On behalf of my wife Alisa and son Jared, I want to thank you for your consideration to allow me to serve our community.
